**KEYNOTE**

**NICOLE BOWMAN (MOHICAN/LUNAAPE-MUNSEE), PHD**

For over two decades, Dr. Nicole Bowman (Mohican/Lunaape-Munsee) has utilized traditional Indigenous knowledge and theories to inform her policy, evaluation, and professional practice at a project and nation-to-nation level between Tribal and non-Tribal Governments. She has served as the American Evaluation Association’s (AEA) Chair or Co-Chair for the Indigenous Peoples in Evaluation since 2015 and since 2016 has been serving as AEA’s representative for the International Working Group (IWG) and as an appointment on EvaluIndigenous(sub-task force of EvalPartners).

Dr. Bowman received AEA’s 2018 Robert Ingle Service Award (first Indigenous awardee) and she regularly publishes, is a conference keynote or trainer, and provides technical support to Tribal and non-Tribal leadership and board members to inform nation-to-nation theories, methods, and direct service for systems and program evaluation. Interactively and passionately, she works to build the capacities, knowledge, and skills of Indigenous and non-Indigenous stakeholders so mutual and respectful relations result in more impactful and sustainable changes.

**INTRODUCING THE CREA HAWAI‘I STRAND AT H-PEA**

This year the Hawai‘i-Pacific Evaluation Association is partnering with the Hawai‘i affiliate of the Center for Culturally Responsive Evaluation and Assessment (CREA-Hawai‘i) to launch the CREA strand. While H-PEA members have shared a number of culturally responsive evaluations and tools over the years, this is the first in what we hope will be a long series of curated sessions focusing on Hawaiian culturally responsive evaluation. CREA-Hawai‘i is co-hosted by the Consuelo Foundation and Lili‘okalani Trust.
